Northwest Oil & Gas Trading Company, Inc. ("the company" or "NWO") is pleased to announce that the company's stock has been admitted to GXG Markets, First Quote under the stock symbol NWO. GXG First Quote is an EU Multilateral Trading Facility which is operated by GXG Markets A/S. The GXG First Quote Market provides early stage growth companies with an ideal environment to develop their business model and corporate governance whilst benefitting from a market quote.

Northwest Oil & Gas Trading Company, Inc. is an investment company in the oil and gas industry. The core business areas are organized into a regional focus in the US and in the Middle East, Africa and Europe. In the US the focus is on the acquisition and reactivation of oil- and gas-fields to expand these to a maximum production by using modern methods. The objective is occupying niches that appear uninteresting and not lucrative enough for large corporations.

With its Joint Venture companies NWO is involved in projects in the European-, Middle East- and Africa-region including refinery projects. NWO is able to offer an innovative technology to build and run a refinery with extremely competing terms and conditions. Further NWO together with its Joint Venture companies is involved in developing an absolutely new form of generating power.

The company was founded in May 2007. Its first years were characterized by the preparatory work for today's business. The company has authorized and issued 50 Million fully paid-in shares with a nominal value per share of 0.20 US-Dollar.
