

Corporate News

Filing of Audited Financial Statements Year 2014

The Company is currently in the process of finalising its 2014 Annual Financial Report. Instead finalizing end of May we expect to lodge the Annual Financial Report with the market end of June 2015.

"Dean Creek oil field", Alabama

The final meeting concerning exploration of the "Dean Creek oil field" took place and could be concluded with the joyful result that up to two drillings will be financed by an US-american investment company. Further there are thoughts of this group to become shareholder of NWO. It is planned to spud in this year.

Kentucky operations

Severe weather conditions in Kentucky in springtime lead to a delay in the development of our Kentucky prospects. But meanwhile we have been able to sell the oil from our tanks.

Pump and tank

Transport to refinery

About Northwest Oil & Gas Trading Company, Inc.:

Northwest Oil & Gas Trading Company, Inc. is an investment company in the oil and gas industry. In the US the focus is on the acquisition and reactivation of oil- and gas-fields to expand these to a maximum production by using modern methods. The objective is occupying niches that appear uninteresting and not lucrative enough for large corporations. With its Joint Venture companies NWO is involved in several projects including refinery projects. NWO is able to offer an innovative technology to build and run a refinery with extremely competing terms and conditions. The company was founded in May 2007. Its first years were characterized by the preparatory work for today's business.

Disclaimer/Predictive statements:

This notification serves only general purposes and is not meant as a tender to purchase or sell shares of NORTHWEST OIL & GAS TRADING COMPANY, INC.

Some statements in this notification are so-called forward-looking statements under the U.S. Private Securities Litigation Reform Act of 1995. These assertions are based on current expectations, estimates and forecasts as well as currently available information. The future-oriented assertions are not to be understood as guarantees of the cited prospective developments and results. The statements are not based on historical background, but rather represent predictive position statements and assumptions subject to risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements and assumptions, including, but not exclusively, certain delays beyond the control of the company, uncertainties regarding future and/or unexpected costs, the inability or failure to obtain adequate financing on a timely basis, changes in the national and local laws, natural catastrophes, the risk of inadequate insurance or the inability to conclude an insurance contract and other risks, as well as also entirely unknown risks, uncertainties and factors which could lead to situations where the actual results, financial situation, developments or performance of the company considerably deviate from those which were expressly or implicitly assumed in these statements or assumptions. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. NORTHWEST OIL & GAS TRADING COMPANY, INC. is neither committed to update this forward looking statements nor to amend them in the case of an unexpected trend.
